## Delta Environmental Centre

Quality training for sustainable living

Presented by one of South Africa's leading Environmental Education Centres

**Delta Environmental Centre presents....  
a brand new course that will really make the  
difference!**

National Diploma in Environmental Education and  
Development Practice

245 credits

**A Dynamic workplace – based course**

**Presented by Qualified and Competent Facilitators**

This programme is a must for individuals and organisations working in  
the environmental education sector or within the school sector.

**Cost: R5 000 per year x 2 years = R10 000 p.p.**

Registered with the ETDP SETA.

(ETDP 10177)  
(SAQA ID: 22092)

HONORARY DIRECTORS: D A W MACEY (CHAIRMAN), V C CARRUTHERS (VICE CHAIRMAN),  
B DONALDSON, R C FLETCHER, CLR D.G FORBES, N T MAPETLA, M MAZWAI, S M MOSIDI,  
R PILLAY, DR D SHONGWE, H G SUMMERLEY, PROF H G VAN ROOYEN,, L WILLIAMSON

## **METHODOLOGY:**

All training is interactive and participative. The methodology is designed to achieve maximum group participation. It allows the delegates to take away real practical skills, rather than just theoretical knowledge.

## **OBJECTIVES:**

To effect and bring about real change to create a sustainable lifestyle and workplace practice.

## **ENTRY REQUIREMENTS:**

Level 4 (at least),  
currently engaged as an Environmental Education Educator.

## **METHODOLOGY:**

All training is interactive and participative. The methodology is designed to achieve maximum group participation. It allows the delegates to take away real practical skills, rather than only theoretical knowledge.

## **COURSE CONTENT:**

The course is made up of 6 modules as follows.

<b>Core</b>
Module 1: People and Environment Relationships
Module 2: Environmental Issues and Risks
Module 3: Environment within an OBE Framework
Module 4: Teaching and learning support materials
Module 5: Learning Programme Design, Development and Delivery
Module 6: Conduct Outcomes Based Assessments
<b>Fundamentals:</b> Communication in the workplace
Orientation Module
<b>Electives:</b> Facilitate a learning event using a variety of methodologies

The learner has to complete the “core” (Modules 1 – 6) in a sequential manner. One module has to be completed prior to commencing the next module as each module builds on the previous one. The course is made up of 20% theory and 80% work-based practice.

### **Recognition of Prior Learning:**

Learners wishing to apply for Recognition of Prior Learning should contact Presha Ramsarup or Shanu Misser to discuss this further.

The course is run over 2 years

**For any further details please contact Ulisha Goburdhan**
